CITY OF SEASIDE BUDGET MESSAGE FISCAL YEAR 2017 - 2018

Dear Honorable Mayor, City Council Members and Budget Committee Members:

Every year I tell you how many City of Seaside budgets I have had a hand in preparing, and for those of you who keep track, this is my 32nd. But what we should be talking about is how things have changed in those 32 years. I didn't have a cell phone bill, my cable television bill was \$16.95/month, no internet bill or internet security bill, no Amazon Prime bill, no automatic deductions from my checking account, checks took days if not weeks to clear (remember the term "float"), garbage cost \$5 a month with no options for types of service. In those days, if the City had a million dollars in reserve we were rich. It was not uncommon to borrow money to make the monthly payroll! Money we could invest was making double digit interest (that was fun). Everyone was worried about "INFLATION." Times change, what was common place is now unheard of and what we could only hope for is now standard operating procedure.

For many years, reserves were something we wished we had, hoped for, planned for in the future, talked about and dismissed as soon as reality hit. But through the years we have gradually made progress in providing adequate reserves. The water, sewer, and convention funds are classified as "enterprise funds" which means, at least from an accounting standpoint, they operate as regular businesses and are audited as such. Providing adequate reserves so operations can continue, even if financial problems arise, is critical for continuity of service. The water and convention funds have developed strong reserve positions; the sewer fund still struggles to achieve the necessary reserves. An increase in sewer rates for fiscal year 2017/2018 is warranted, but we may be able to shield the costumer from additional out of pocket cost by reducing water rates at a proportional rate. The "combined" general fund (general, public safety, public works, and community development) has reserves at about 24% of operating cost. A significant improvement from the negative position it suffered from during the last recession.

This is the last year of the current fire levy. May 16th voters will be considering a new levy, but if passed the City will not begin collecting taxes until the 2018/2019 fiscal year. The levy process allows for an orderly replacement of fire trucks as well as continued funding of our training officer. We are careful not to overlap levies. The support of our community for the fire service has always been strong and we are very appreciative.

HIGHLIGHTS

Library - 11% increase in book acquisition budget

Fire - Addition of a fourth paid fireman (firefighter position) and implementation of a water rescue program

Building Department - Possibility of two large projects 1) Convention Center Renovation, 2) New Motel/Hotel

Public Works - Acquisition of a new garbage truck and the repair of the public works building's roof

Library Trust - Acquisition of a generator for the library

Capital Improvement & Maintenance - Community Center renovation

Convention Center - \$15 million renovation starting 2018

Prom - Additional work on Prom railing and development of additional vehicle access to the beach

Water General Obligation Bonds - Call future bonds to reduce debt

Road Work - Holladay (1st to Ave A, street, waterline, and power), S. Edgewood (Ave U to Ocean Vista)

Many other projects will be undertaken; a major emphasis on plan updates will be started and continued into 2018/2019. We never stop, and we never rest, but we do take time to dream.

Respectfully,

Mark J. Winstanley

City Manager
