

This meeting is to take care of city business and 25 people are allowed in the building at any given time as long as there is social distancing and mask required. The city recommends only those having business on the agenda attend the meeting. We highly recommend all others stay home and watch the meeting electronically. Public Comments can be emailed to publiccomment@cityofseaside.us. Thank You for your patience.

COMMUNITY CENTER COMMISSION INTERVIEW:

6:20 PM – Gretchen Darnell

6:30 PM - Tracy MacDonald

**AGENDA SEASIDE CITY COUNCIL MEETING
JUNE 14, 2021 7:00 PM**

1. CALL TO ORDER
2. PLEDGE OF ALLEGIANCE
3. ROLL CALL
4. APPROVAL OF AGENDA
5. INTRODUCTION AND SWEARING IN SEASIDE POLICE OFFICER, JASON JOHNSON AND COMMUNITY SERVICE OFFICER, PAUL KNOCH, Chief Dave Ham
6. COMMENTS – PUBLIC – (please keep speaking time to four minutes)
7. DECLARATION OF POTENTIAL CONFLICT OF INTEREST
8. CONSENT AGENDA
 - a) PAYMENT OF THE BILLS - \$370,704.25
 - b) APPROVAL OF MINUTES – May 24, 2021
9. REPORTS AND PRESENTATIONS:
 - a) RECOGNITION – MEDAL OF HONOR, DIVISION CHIEF DAVID RANKIN, Joey Daniels
 - b) RECOGNITION – RETIREMENT TWENTY YEAR CAREER SERVICES, DIVISION CHIEF/FIRE MARSHAL, CHRIS DUGAN, Joey Daniels
 - c) PRESENTATION - ANNUAL REPORT 2019-2020 SEASIDE FIRE AND RESCUE, Joey Daniels
 - d) UPDATE – CLATSOP BEHAVIORAL HEALTHCARE (CBH) SHELTER/TRANSITIONAL ENHANCED HOUSING PROGRAM, Amy Baker and Sydney Van Dusen
 - e) PRESENTATION – COLUMBIA PACIFIC ECONOMIC DEVELOPMENT DISTRICT (COLPAC) Ayreann Colombo, Sarah Lu Health, and Lydia Ivanovic
10. UNFINISHED BUSINESS:
 - a) VACANCY - COMMUNITY CENTER COMMISSION (Interviews)
CITY TREE BOARD
11. NEW BUSINESS:
 - a) PUBLIC HEARING – RESOLUTION #3980 – A RESOLUTION DECLARING THE CITY’S ELECTION TO RECEIVE STATE REVENUE SHARING
 - OPEN PUBLIC HEARING
 - CLOSE PUBLIC HEARING
 - COUNCIL COMMENTS
 - MOTION TO READ BY TITLE ONLY – ALL IN FAVOR AND OPPOSED
 - MOTION TO ADOPT – ALL IN FAVOR AND OPPOSED

- b) RESOLUTION #3981 – A RESOLUTION OF THE CITY OF SEASIDE, OREGON, ADJUSTING THE SOLID WASTE COLLECTION RATES
 - PUBLIC COMMENTS
 - COUNCIL COMMENTS
 - MOTION TO READ BY TITLE ONLY – ALL IN FAVOR AND OPPOSED
 - MOTION TO ADOPT – ALL IN FAVOR AND OPPOSED

- c) RESOLUTION #3982 – A RESOLUTION OF THE CITY OF SEASIDE, OREGON, INCREASING SEWER SERVICE USER RATES
 - PUBLIC COMMENTS
 - COUNCIL COMMENTS
 - MOTION TO READ BY TITLE ONLY – ALL IN FAVOR AND OPPOSED
 - MOTION TO ADOPT - ALL IN FAVOR AND OPPOSED

- d) ADOPTION – OREGON DEPARTMENT OF TRANSPORTATION (ODOT) 2021 STANDARDS, Dale McDowell

- e) PARKING RESTRICTIONS OCEAN VISTA WAY, Dale McDowell

- f) DISCUSSION – WATER CONSERVATION, Dale McDowell

12. COMMENTS FROM THE CITY STAFF

13. COMMENTS FROM THE COUNCIL

14. ADJOURNMENT

Complete copies of the Current Council meeting Agenda Packets can be viewed at: *Seaside Public Library and Seaside City Hall. The Agendas and Minutes can be viewed on our website at www.cityofseaside.us.*

All meetings other than executive sessions are open to the public. When appropriate, any public member desiring to address the Council may be recognized by the presiding officer. Remarks are limited to the question under discussion except during public comment. This meeting is handicapped accessible. Please let us know at 503-738-5511 if you will need any special accommodation to participate in this meeting.

SEASIDE FIRE & RESCUE

2019 ANNUAL REPORT

Seaside Fire and Rescue

2019

Chief's Message

In 2019 we responded to 1569 calls for service, just over a 100 more calls than the previous year. The department averaged 33 volunteers throughout the year. We also had a full complement of 4 Resident Volunteers by the end of 2019. These residents attend college and live at the fire station. The Resident Volunteer program is instrumental to us do to limited staffing, as well as the Resident Volunteer receives valuable on the job at Seaside Fire & Rescue while attending Clatsop Community College Fire Science Program. We also continue to be very active with prevention, inspections, investigations, trainings, meetings, and the lifeguard program. 2019 has also brought a unique challenge working with Seaside School District and their new campus, as well as design review and the step by step process of building our new Tractor Drawn Aerial (TDA) Ladder Truck. The TDA Ladder Truck arrived in November of 2019 and spent the rest of the year getting outfitted as well as getting training to staff. Seaside Fire & Rescue also sent a crew a crew brush truck with a Clatsop County Task Force to Sonoma County California for the Kincade Fire in October of 2019.

At our Annual Banquet, we celebrated milestone events for Years of Service Chris Dugan 30yrs, Seth Collins 15yrs, and Genesee Dennis 10yrs. The Fire Officer of the Year, which is voted on by all the firefighters, was Fire Chief Joey Daniels, and Deputy Chief Gordon Houston. Firefighter of the year which is chosen by all the fire officers was Rick Plummer. The Emergency Medical Provider of the year was Max Savage.

As always, it's a privilege to be the Fire Chief of Seaside Fire & Rescue and to work with such highly dedicated staff and volunteers working to make their community a safe place to live and visit. Without these devoted Men and Women of Seaside Fire & Rescue we would be unable to provide the exceptional 24 hour a day level of service to both our citizens and tourists.

On behalf of Seaside Fire & Rescue, I would like to thank the Mayor, City Council, City Manager, City Staff, and the citizens for your continued support, and for allowing us to present this report to you.

Seaside Fire and Rescue

Seaside Fire and Rescue

TRAINING REPORT

In 2019 Seaside Firefighters continued to focus on fireground operations while simultaneously focusing heavy on Driver-Operator certifications and technical rescue training (rope and water rescue).

In addition to regular weekly Wednesday night trainings many of our members participate in daytime drills at the station, weekend trainings provided throughout the county, and leave town for specialty classes throughout the state and even traveling as far as the national Fire Academy in Emmitsburg Maryland for state of the art training opportunities.

Seaside Fire and Rescue

Fireground Operations

Firefighter I: This certification is required for all personnel on the department, common duties involve fire suppression, ventilating structures, competent in ladders and tools

Firefighter II: In depth knowledge and understanding in water systems, maintenance and repair of equipment, and focuses on scene preservation, investigation of fires, and public outreach; as well as knowledge on assisting with home surveys and commercial occupancy inspections.

All of our firefighters are also trained in the basic operations for Hazardous Materials (HazMat) incidents.

Fire Officer 1's must complete classroom and practical examinations which prepare them for leading a company of responders, delegating tasks, making risk assessments, reporting conditions to the Incident Commander and completing paperwork associated with fire reports, injuries, and pre-planning.

Fire Officer 2's focus more on managing multiple companies at an emergency incident, while also overseeing programs such as health and safety, risk reduction, investigation and inspections, and administration.

Seaside Fire and Rescue

The **Apparatus Driver/Operator** class is a 16 hour classroom and hands-on training on how to properly and safely inspect, drive, and operate the large and complicated apparatus that fire departments use to conduct operations. Prospective driver/operators must then complete numerous hours of driver's training to get certified. All drivers in the department must complete yearly refresher training.

A **Pumper Operator** is a specialty certification that Drivers receive after an additional 32-hour classroom/hands-on training learning how to properly run engines to supply fire firefighters with the correct amount of water pressure and gallons per minute to safely and effectively put out a fire. This is one of the hardest certifications to truly master, requiring knowledge on such things as theories, pump mechanics, friction loss and gain, operating nozzles at the correct pressure, and running multiple attack and supply lines.

Seaside Fire and Rescue

Tiller Operations

With the anticipation of the new tiller arriving at the end of the year the department focused on getting as many firefighters as possible trained and certified in driving and pumping so that we would be able to hit the ground running in 2020 with focusing on driving and operating the new ladder.

This unique apparatus requires many extra hours training to be able to have two drivers operate both the front and rear safely. This Fire truck is equipped with a ladder capable of reaching 100 feet in the air and also has a pump and water to fire fires in addition to many compartments of tools, gear, and equipment needed at structure fire and technical rescue incidents.

Seaside Fire and Rescue

Wildland Fire Operations

Firefighter type 1 and type 2 are both wildland fire positions that focus on suppressing fires in the outdoor setting, digging handline, working with aircraft, heavy equipment, and other agencies while providing for safety and judging conditions based on temperature, winds, topography, and types of fuels that are or may be burning. These firefighters are also trained to prepare and defend houses and other structures for the best possible chance to survive a fire threatening them.

Engine bosses and task force leaders spend more time with management personnel and paperwork in the event a group is deployed to wildfire managed by an Incident Management Team

Seaside Fire and Rescue

Water Rescue

2019 was a wet one for many of our responders. Many hours on and in the water were necessary to see our rescue watercraft operators more proficient in handling the watercraft in a variety of conditions while also teaching our second class of coxswains completely in house using the only state certified course since the adoption of the new national standards in 2017. The jetskis have proven to be valuable assets by enabling us to perform rescues in rougher conditions that could otherwise be more dangerous for all parties involved including the victims. Seaside was dispatched to 40 water rescues in 2019. 17 were Cannon Beach Mutual Aids and 3 were Gearhart's.

In addition to having our rescue watercraft the department also trains on water rescues involving lakes, rivers, pools, and the ocean. While only certain responders are trained and prepared to enter water all of our members are trained to support the incident from the shore.

Seaside Fire and Rescue

High Angle Rescue

The steeper the ground, the more difficult and the more technical the rescue becomes. High angle is the variety of technical rope rescue techniques used to rescue injured or otherwise incapacitated persons on terrain at slopes of 60° or greater. It involves the need to hoist victims from one level to another using ropes, pulleys, harnesses, belay devices and various hauling implements. We continue to build our capacity and proficiency by continuing to invest in training and equipment.

Seaside Fire and Rescue

Medical

With the number of medical calls increasing every year, more volunteers are finding themselves joining to fight fires, and end up caring for the sick and injured. There are five levels of medical care professionals, first is the Emergency Medical Responders (EMR's), this is a minimum 60-hour class. Second Level is Emergency Medical Technicians (EMT's), 160 hours of class is required before being eligible to take the national test and receive their certification. Third Level is Emergency Medical Technician Advanced; this is an additional 160 hours of training above being an EMT. Advanced EMT's can start IV's, push epi for anaphylaxis and D50 for diabetic emergencies. Forth Level is Emergency Medical Technician Intermediate; this is an additional 160 hours of training above being an EMTA. Intermediates have advanced knowledge of cardiac and pain drugs, can start IV's, and interpret cardiac rhythms on the heart monitor. The fifth and highest level are Paramedics, their courses are over 1000 hours, and are incredibly wide in scope. Seaside Fire & Rescue was privileged in 2019 to have a compliment of 6 EMRs, 14 EMTs, 2 Advanced, 4 Intermediates, 1 Registered Nurse and 4 Paramedics providing care.

Seaside Fire and Rescue

Joint Training

Seaside Fire and Rescue continued to actively participate with other Clatsop County Fire agencies and in groups such as the Clatsop County Fire Training Committee, Clatsop Fire Investigation Team, Clatsop County High Angle Rescue Team, Clatsop County Firefighters Association, and the Clatsop County Fire Defense Board.

These groups as well as other training opportunities with other agencies are vital to keeping up skills, standardization of procedures and communications, and understanding the capabilities of each other's equipment and personnel so that when a real emergency happens, we are prepared to handle it the best of our ability.

Seaside Fire and Rescue

Prevention

Remember: Initial Attack Starts with Fire Prevention

The Prevention Division of Seaside Fire & Rescue is committed to providing our citizens and visitors a safer place to live, work, and visit. To accomplish this mission, the Prevention Division is involved in a variety of activities such as an inspection program for businesses, a juvenile fire setter intervention program, fire investigation of all department fires, pre-fire planning of target high risk commercial structures, fire extinguisher education for the community, fire safety education for children, and general safety programs for adults.

Fire Investigations

Seaside Fire & Rescue investigates all fires to determine cause and origin, along with members of the Clatsop County Fire Investigation Team.

CAUSE OF IGNITION # INCIDENTS % of TOTAL

Intentional	14	18.7%
Failure of equipment or heat source	5	6.7%
Cause undetermined after investigation	14	18.7%
Cause under investigation	10	13.3%
Unintentional	19	25.3%

Seaside Fire and Rescue

Inspection Program

Seaside City Ordinances, Oregon Fire Code, and the National Fire Code are used as standards in conducting inspections. Inspections allow Seaside Fire & Rescue to ensure compliance to local and national standards, as well as increase our familiarity with pertinent information such as building construction, utility shutoff locations and potential hazards associated with a particular occupancy.

Inspection Totals

Number of Inspections Completed 310

Number of Violations 52

Building Familiarization

Fire officers meet once a month to tour high risk businesses and occupancies. These visits assist our officers first arriving at a scene to become accustomed to access locations, building construction, alarm systems, sprinkler locations, and utility shutoffs. The information found in these tours greatly helps our officers with addressing issues in a swift and timely manner. In 2019 Seaside Fire & Rescue continued to develop and enhance an electronic data base program on commercial and high-risk buildings in our response area.

Seaside Fire and Rescue

Property Damage

INCIDENT TYPE	TOTAL LOSSES
111 - Building fire	\$200,100.00
113 - Cooking fire, confined to container	
130 - Mobile property (vehicle) fire, other	
131 - Passenger vehicle fire	\$1000.00

Seaside Fire and Rescue

Public Fire and Life Safety Education

Public education is viewed as an ongoing process that occurs informally as well as formally. All staff and volunteers stress the importance of living, working, and playing safely as we interact with the community in day to day operations. Walk-in tours of the fire department set an excellent stage for department personnel to emphasize good safe practices for all ages. Seaside Fire & Rescue schedules appearances and presentations at schools, churches, community centers, assisted living facilities, as well as private businesses.

Seaside Fire & Rescue participated in the Seaside Safety Fair, held in May hosted by North Coast Safe Kids, Seaside Police Department, United States Coast Guard, Clatsop County Sheriff's Office, Oregon State Police, Pacific Power Company and Medix Ambulance Service and Clatsop County. Car seat technicians inspected and installed many car seats. Numerous families from the Seaside area participated in everything from crosswalk safety, bike safety, and fire safety in the home.

In August, Seaside Fire & Rescue personnel were on hand at the National Night Out celebration to answer any questions about fire safety. Personnel were represented at Broadway Park, handing out fire prevention literature and giving tours of fire apparatus to adults and children. Our appearance was enjoyed by many citizens and tourists.

Seaside Fire and Rescue

Mutual Aid

Seaside Fire & Rescue participates in the Clatsop County Fire Service Mutual Aid Agreement. The purpose of this agreement is to maintain a system of predefined response to large scale incidents within Clatsop County as well as possible mobilization outside Clatsop County.

In 2019, Seaside Fire & Rescue provided aid to outside agencies for 16 Structure Fires, 3 Grass Fires, 5 Search and Rescues, 2 MVA's and 18 Surf Rescues. We received aid from outside agencies for 12 incidents.

Seaside Fire and Rescue

Water Safety Report

With an estimated beach attendance of over 270,000 people and ocean water temperatures that peaked to high 60's in August, made for a busy summer that resembled Southern California Beaches. On 4th of July the lifeguards rescue 5 individuals at once who had been sucked out in a flash Rip Current. As the summers get busier our lifeguards continue to be ambassadors of the City of Seaside to the visitors of our beach. Each one of our Lifeguards maintain high standards in: Ocean rescue skills, prevention, physical fitness, public relations, medical training, and professional appearance.

Seaside Fire and Rescue

Lifeguard Statistics

The Beach Lifeguards promote safety through interaction with the public, recognizing a potential emergency before it occurs and making positive changes, assisting persons with questions about the city, providing help to people with special challenges on navigating the sand from the promenade to the beach, and rescuing persons in imminent danger from the Ocean.

Previously Lifeguards only had two options to enter the water for a rescue, via 3 of our custom-built Rescue Boards, or with fins & a rescue tube and then backed up by the launch of our water rescue team. Last year we added a kayak, which is especially useful to rescue people trapped in the estuary by the incoming tides. Another tool in the toolbox.

SEASIDE FIRE & RESCUE

2020 ANNUAL REPORT

Seaside Fire and Rescue

2020

Chief's Message

2020 as everyone knows was a very challenging year for all with the Covid 19 virus. Covid 19 created a serious challenge with our agency as we had to shut the station down to the public and figure out how to respond and keep personnel safe. As always, the outstanding personnel of Seaside Fire & Rescue rose to the challenge to keep our city protected 24hrs a day, 7 days a week during some of the most challenging circumstances that our agency or city has ever faced.

Seaside Fire & Rescue during the Covid 19 Pandemic had our second highest call for service year with 1563 calls for service in 2020. During the Covid 19 calls we also had to fully suit up in encapsulated suits during the beginning of the pandemic to keep our personnel safe. This meant that normal calls that would have taken us 30 minutes or less were now seeing 60 + minutes of on scene time per requirements put out by the state for personnel protective equipment. This was a very challenging time to keep enough responders available because schools were closed, daycares were closed and people had to stay home and watch their children. We also were not able to do any recruitment or prevention during the Covid 19 Pandemic.

Seaside Fire & Rescue during this wild year deployed on the most Wildland Conflagrations ever in one year as we saw our own state have major wildfire issues in September. We deployed to 5 wildfires in Oregon and 2 Wildfires in California.

Seaside Fire & Rescue held its banquet just in March of 2020 just as the Covid 19 pandemic was starting to become a major issue in the United States. We limited the banquet to only fire department personnel and their significant others. The following years of service pins were handed out, Rick Plummer and Nathan Weiler (5years of service), Justin Parker, Jason Schermerhorn, and Tyler Johnson (15years of service), and Jeramy & Gordon Houston with (20 years of service). We had 3 retirements from the department in 2020, Parker McCarthy (14 years of service), Tyler Johnson (15years of service), and Seth Collins (16 years of service). The Firefighter Of The Year Award went to Jason Schermerhorn, Emergency Medical Provider Of The Year Award went to Payton Presley, Hammer Down Award went to Adam Pozsgai, and The Fire Officer Of The Year went to Lieutenants Genesee Dennis and Mathew Keefer.

Seaside Fire and Rescue

It has always been a privilege to lead such a fine organization of firefighters. However, 2020 was by far the most challenging year I have seen as the fire chief. With the shortage of volunteers able to respond due to the pandemic, everyone responded as much as they could, and we were able to cover our demanding call load and wildland conflagration requests. This is just another example of the highly dedicated and professional firefighters we have!

On behalf of Seaside Fire & Rescue, I would like to thank the Mayor, City Council, City Manager, City Staff, and the citizens for your continued support, and for allowing us to present this report to you.

SEASIDE
FIRE & RESCUE

SERVING SEASIDE
SINCE 1904

Dear Meritorious Awards Committee,

On December 30, 2019 at 1624 Seaside Fire & Rescue was dispatched to a report of person that was pulled out in the ocean from the Necanicum Estuary & Beach. Division Chief David Rankin was at home getting ready to celebrate a late Christmas with his family due to his wife working over Christmas as a 911 dispatcher. As the ham was getting out of the oven Division Chief Rankin listened to the dispatch of a water rescue. As his wife states he left the oven door open and out the door he went.

As the leader of all of our special operations teams (water, ropes, trench, confined space) and seasonal lifeguard program (Memorial Day thru Labor Day). Division Chief Rankin holds many certifications including lifeguard and in his service in the Navy as a Rescue Swimmer. Upon arrival Division Chief Rankin met with Division Chief Dugan who was on scene first for a status on what was going on. Division Chief Dugan stated they saw the victim (later know to be a 17-year-old male) at least 300 + yards out, and his dad had gone in after him but due to the rough conditions couldn't get out at all and made his way back in. Division Chief Rankin then donned his wetsuit and with a rescue can, swam out to the last location to rescue or at least float the victim until the United States Coast Guard helicopter arrived to hoist them out.

Division Chief Rankin later stated that he had a lot of trouble due to heavy surf locating the victim however, after he went over one swell, he noticed the victim standing on what appeared to be some kind of a sand bar. Division Chief Rankin first priority was to get the rescue can to the victim to float him due to the heavy surf conditions and rip tide coming out of the estuary. Division Chief Rankin first thought due to the heavy surf and rip coming out of the estuary into the ocean was to wait for the Coast Guard or Seaside Fire & Rescue Jet skis to come get them. However, he noticed the victim was starting to look extremely hypothermic and would not be able to hold on to the rescue can much longer. Division Chief Rankin new he had to come up with an alternate plan. So he told the victim just to hold on to the rescue can and against the heavy rip current and breaking waves he swam the victim to the other side of the estuary and beach (the estuary separates the Cities of Seaside & Gearhart). Gearhart Fire was there to meet him and they drove the victim up to the beach approach so that the Paramedics could transport him.

Division Chief Rankin then was asked by Gearhart Fire personnel if he needed a lift back to Seaside, he said no thanks I will just swim back to the other side.

Sincerely,
Fire Chief Joey Daniels

Seaside Fire and Rescue

Meritorious Award

MEDAL OF HONOR

David Rankin

The Oregon Fire Chiefs Association recognizes Division Chief David Rankin's quick actions and bravery in the performance of a harrowing water rescue at the Necanium Estuary & Beach on December 30, 2019. Your skills, abilities, and remarkable courage are to be commended.

Fred Charlton, President
Oregon Fire Chiefs Association

Seaside Fire and Rescue

COVID-19

The new norm has changed the way we do business over the past year. Call volume has stayed constant throughout, yet volunteer response has significantly dropped. The core group that remains has had to get used to wearing masks, learn how to quickly don full Tyveks suits on respiratory calls and hand out tens of thousands of masks to the public. Oregon State Fire Marshall's office recommended that all fire safety inspections of businesses, unless requested, be halted due to the risk of infection.

Seaside Fire and Rescue

The Fire Station being used for Drive thru Covid testing and mask distribution.

Seaside Fire and Rescue

Yard Debris

Another issue that seemed to be exacerbated by everyone having to stay home was the complaints about people burning yard debris. With more people at home there were both more people burning, and more people affected, especially those with respiratory compromise. Out of necessity the Yard Debris Drop Box idea was born to provide yard debris drop off at the Fire Station. Now when we respond we can let them know about the alternative to burning on Tuesdays and Thursdays from 8am-2pm. This has been so well received and people ask if it be permanent.

Seaside Fire and Rescue

Lifeguard Statistics

A Beach Lifeguards job revolves around watching people (pro-active surveillance), managing and communicating danger, preventing incidents by talking with visitors in a tactful manner, dealing with First aid needs, record keeping, incident reporting and checking emergency gear (AED) (Rescue equipment). Oh and looking for lost kids who are always either at the swing set, or half a mile down the beach playing in the sand.

Beach lifeguards deal with ordinance rule enforcement, asking people to move their campfires away from the dunes or having people fill the giant hole they dug because it creates a hazard for rescue vehicles.

When something goes wrong it happens fast (sudden rip current or flash rip, maybe a swimmer has a heart attack) and then the lifeguards training and preparation kick in. Our beach lifeguards are committed to achieving and maintaining a high level of fitness and are comfortable being in the water in most sea states (Calm, Rough, Treacherous).

General Information	Information about Seaside, the beach and Safety - Talking with people	20
Medical Aid	First Aid without Fire Response	20
Lost Person	Lost & Found Persons, including false reports	41
Lost n Found	Lost items turned in	28
Agency Assist	Lifeguards assist another agency (police, fire, parks, etc.) or request assistance	5
Surf Rescue	Surf Rescue of persons in Imminent danger	20
Prevention	Assisting someone in danger, helping visitors (rides, water assist, etc.)	962
Rule Enforcement	Warnings, rules, ordinances of the beach including put out fires, moving logs, hazards, tent warnings, etc.	64
Trash Pickup	Bags of trash removed from beach	223
Beach Attendance	Estimated beach attendance for the summer	256,400
Total		257,783

OREGON HOUSING CRISIS

- Oregon ranks 40th in Cost of Living and 46th in Housing Affordability (median housing price compared with median family income)
- One in Three Oregon Families Struggle to Afford Housing
- The Clatsop County Housing Study conducted by Johnson Economics found that 74 percent of people in Clatsop County cannot afford average rents or median home prices.

CLATSOP BEHAVIORAL HEALTHCARE 2021- 2026 STRATEGIC PLAN PRIORITIES

- HOUSING
- BEHAVIORAL HEALTH RESPONSE TO BEHAVIORAL HEALTH NEEDS
- CBH STAFF CARE AND RESOURCES
- CULTURALLY RESPONSIVE ORGANIZATION/SERVICES
- COMMUNITY EDUCATION AND ENGAGEMENT

SEASIDE: SHELTER AND TRANSITIONAL HOUSING LOCATION

- Location: 1023 Broadway Street – Seaside Next to Fire Station
- The two-story facility will have three single bedrooms and one double bedroom
- total of five beds
- Common areas will include a group meeting/social room, dining area and kitchen
- An ADA equipped bathroom and bedroom will be located on the first floor to ensure accessibility for use by individuals with a physical disability

SHELTER STAFFING

- There will be at least one support staff on duty at all times (overnight support staff will always remain awake).
- Program Manager will adjust staffing to ensure that there is adequate staff on duty to meet the treatment, health and safety needs of participants.
- Staff will provide; compassionate support services, skills training to meet daily activities of living, conflict free communications
- Case Management services will include; initial evaluations to determine eligibility, counseling, developing and coordinating services and obtaining Federal, State and local benefits, providing information and referrals to other providers, and developing an individualized service and housing plan to include a path to permanent housing stability

PERMANENT SUPPORTED HOUSING

- The three units located under the red building will be turned into permanent supported housing for CBH clients.
- Clients will have intensive support services to help them maintain employment, actively engage in sober supports if they are in recovery.
- The goal is to help them remain in permanent supporting housing for as long as the housing arrangement is beneficial to the client.

CLATSOP BEHAVIORAL HEALTHCARE OUTPATIENT CLINIC

- Clatsop Behavioral Healthcare will operate an outpatient clinic on the first floor of the Red Building with approximately 4-5 staff located on site at any given time.
- CBH sees approximately 250 clients a year at the Seaside Clinic. CBH offers in person services and groups for individuals with mental health issues and for those who are in recovery from substance abuse issues.
- Clinic hours will be 8:00 a.m. -5:00 p.m. Monday-Friday

NEXT STEPS

Construction to start: June 14th, 2021

Community Engagement and Education:
June 2021 throughout process

Opening Goal timelines:

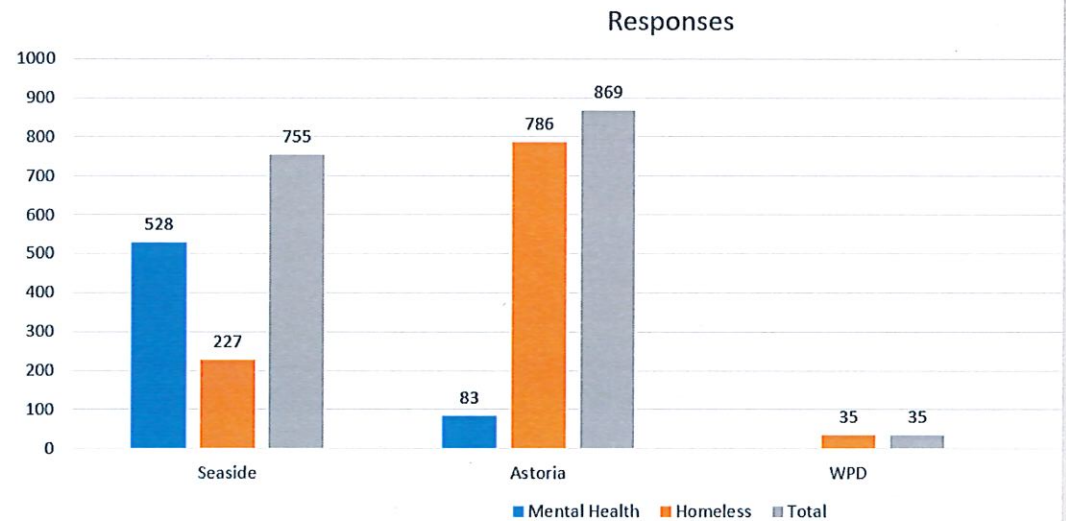

- Hiring August 2021
- Doors open goal October 2021

Questions?

CLATSOP COUNTY MENTAL HEALTH CALLS AND RESPONSE FROM LOCAL POLICE DEPARTMENTS

As a result of underfunding, CBH only has one dedicated staff member on the Mobile Crisis Team at any given time. CBH can only respond to approximately 23% of the Mental Health calls. Enhanced funding is critical to hire more mental health professionals to support our Police Departments.

2020 Homeless and MH Responses

UPDATE ON CURRENT PROJECTS

2019 MOBILE CRISIS TEAM WAS LAUNCHED

- Current Barriers: Large County / Low staff ratio
- Changes Based on Potential Funding Increases: North and South County teams to provide quicker response times and more flexibility in situations of response.
- New potential funding sources to expand Staffing:
 - Oregon House Bill 2417 : The Department of Human Services shall administer a program to provide 50 percent matching grants to cities or counties to fund mobile crisis intervention team programs.
 - Federal Bill: Crisis Assistance Helping Out on The Streets (CAHOOTS) Act- Provides additional federal Medicaid funding support for state implementation and administration of multidisciplinary mobile crisis teams that are available 24/7, every day of the year; and trained in trauma-informed care, de-escalation, and harm reduction to provide voluntary assessment and stabilization services for individuals in crisis, as well as coordination and referrals to follow-up care and wraparound services, including housing assistance
 - Clatsop County Strategic Plan to use American Rescue Plan funding
- Recovery Ally Program

UPDATE ON CURRENT PROJECTS

WARRENTON CRISIS RESPITE CENTER

- Opened July 2016
- 16-bed residential facility
- Within 12 Months CBH recognized funding model was not sustainable
- Current Services
 - provides short-term crisis respite services and long-term residential services to qualifying applicants
- Between 60-70% of residents are from Clatsop County

COMMUNITY CENTER COMMISSION

(Meetings are scheduled the first Tuesday of every month at 10:00 AM)

The purpose of the Community Center Commission is to be an advisory body to recommend and make suggestions to the City Council concerning matters relating to the well being of the community center and its users. Receive direction from the Council concerning matters relating to the well being of the community center and its users.

The commission consists of nine members who are not officials or employees of the city and who shall be appointed by the City Council. A minimum of five members shall reside within the city limits; a maximum of four members may reside within the Urban Growth Boundary, but outside the City limits.

A Community Center Commissioner's term of office shall commence on June 1, of each year of his/her term. At the first Commission meeting in June, the Commission will appoint one of their members as Chairperson and one as Vice-Chairperson. One member of the Commission will serve as secretary and minutes will be filed with the City Council.

The Commission shall hold a regular meeting at least once each month of the calendar year. The meetings shall be open to the public. Any person appointed to serve on this committee who misses three or more regularly scheduled meetings during a 12-month period shall be notified by letter from the Mayor that the position must be vacated. The individual may appeal the decision to the City Council. (A 12 month period is defined as beginning in January of each calendar year.)

The members shall serve without salary or compensation of any nature. "The members shall serve without salary or compensation of any nature."

1. Date Council Notified: March 8, 2021

Name: Kristin Kabanuk
Jordan Virding
Leila Vernor
Genevieve Ulbricht

Commission/Committee: Community Center Commission

Resignation Date: Various

Term Expiration Date: Kristin Kabanuk – June 1, 2023
Jordan Virding – June 1, 2022
Leila Vernor – June 1, 2021
Genevieve Ulbricht – June 1, 2021

Wants to be considered again: NO

2. Applicants:
Tracy MacDonald
Gretchen Darnell

3. Nominations:

4. Appointment:

To: Seaside City Council
I wish to thank the
Seaside City Council for
appointing me to serve
on the Seaside Community
Council.
My term expired June 1, 2021.
With the leadership of
Warren Hoock and Skyler Archibald,
plus members of the Council
equal a rewarding term.
Seaside is fortunate for
the dedicated individuals
may they continue
much success in the
community.

Sincerely,
Jennie Burnett

Please Note: It is Council policy that applicants must be a city or urban growth boundary resident, business owner or employee of a business for at least one year, depending on committee/commission residency requirements.

SEASIDE CITY TREE BOARD

(Meetings are scheduled every other month on the third Wednesday at 4:00 PM)

The purpose of the City Tree Board is to study, investigate, and develop and/or update annually, a written plan for the care, preservation, pruning, planting, replanting, removal or disposition of trees in parks, along streets, and in other public areas. The Tree Board, when requested by the City Council, shall consider, investigate, make findings, report and recommend upon any special matter or question coming within the scope of its duties and responsibilities,

- (1) Develop criteria for city staff and/or contractors to apply in making decisions entrusted to staff and/or contractor discretion,
- (2) Designate Heritage Trees on public and private lands within the city,
- (3) Promote the planting and proper maintenance of trees through special events including an annual local celebration of Arbor Day, and
- (4) Obtain the annual Tree City USA designation by the National Arbor Day Foundation.

The Board consists of five members, appointed by the City Council for a three-year term, and who are residents, or owners or employees of businesses within the city limit.

The City Tree Board shall schedule meetings as needed and elect a chairperson and a vice-chairperson. No more than 3 unexcused absences allowed in a calendar year.

Tree Board members serve without salary or compensation of any nature.

City Manager

PUBLISH: June 10, 2021

Memo

To: Mayor and City Council
From: City Manager's Office
CC: Kim Jordan
Date: June 14, 2021
Re: Resolution #3981 - 2021 Collection Rates

Each year Recology Western Oregon is required to provide an annual financial report which includes a rate review report as outlined in the Solid Waste Collection Franchise.

Recology Western Oregon is proposing a rate schedule that reflects an adjustment to the current collection rates using a CPI-based adjustment to be effective July 1, 2021. In that letter, we estimated the adjustment at 2.50%. When the report was released in mid-May, the relevant index (CPI-U, West B/C) showed a 3.90% year over year change. As this change is significantly higher than our estimate, we are proposing to stay with our original number of 2.50%. With so much uncertainty, we think this is not the time for the extra burden a larger adjustment would place on our customers. As shown on the resolution, most collection rates will change by 2.50%. Some rates are not scheduled to change because they have historically not been adjusted with the regular collection rates. This list includes front-load container rent, resume fees, wind latches, tires, appliances, etc. The disposal tonnage rates for garbage, construction debris, wood and medical waste are not scheduled to change this year, as our vendors for these services have not increased the rate, they charge to us. These vendors include the Astoria Transfer Station, Trails End Recovery, and Stericycle (our medical waste disposal contractor).

Examples of the impact for Curbside Service:

32-gallon cart weekly was \$17.29 per month and now will increase to \$17.72 per month which is a difference of \$.43.

90-gallon cart weekly was \$28.83 per month and now will increase to \$29.55 per month which is a difference of \$.72.

2 Yd. container weekly was \$307.24 and now will increase to \$314.92 which is a difference of \$7.68.

Recology Western Oregon staff will be available at the Council Meeting to answer any questions.

RESOLUTION #3981

A RESOLUTION OF THE CITY OF SEASIDE, OREGON, ADJUSTING THE SOLID WASTE COLLECTION RATES

THE SEASIDE CITY COUNCIL RESOLVES AS FOLLOWS:

SECTION 1. In accordance with Section 50.13 of the Seaside Code of Ordinances, the maximum solid waste collection rates within the City limits shall be adopted as follows:

Can & Cart Services - Curbside
Curbside: within 4' of the curb or road, & away
from all cars, mail boxes, or other items

	<u>Rate per month</u>
<u>32 Gallon Cart Service (Customer Provides Can)</u>	N/A
<u>32 Gallon Cart Service</u>	
32 Gallon Cart Weekly	\$ 17.72
32 Gallon Cart Every Other Week	\$ 11.54
32 Gallon Cart Once a Month	\$ 6.21
32 Gallon Cart On Call Curb Not Available Per City Ordinance	N/A
<u>90 Gallon Cart Service</u>	
90 Gallon Cart Weekly	\$ 29.55
90 Gallon Cart Every Other Week	\$ 19.23
90 Gallon Cart Once a Month	\$ 10.32
90 Gallon Cart On Call Curb Not Available Per City Ordinance	N/A
<u>Monthly Cart Rent (For On-Call Service)</u>	
90 Gallon Cart Will Call - Curb Not Available Per City Ordinance	N/A
<u>Special Pick-up (For Off-Schedule Collect)</u>	
32 Special Pick-up Cart Curbside	\$ 6.21
90 Special Pick-up Cart Curbside	\$ 10.32

Note: Recycle carts dumped as trash due to contamination may be charged the special pick-up rate

Can & Cart Services - Non Curbside (Sideyard)
Non curbside: visible from the street, outside of
garages and fenced areas

<u>32 Gallon Can Service (Customer Provides Can)</u>	N/A
<u>32 Gallon Cart Service</u>	
32 Gallon Cart-Side	\$ 18.07
32 Gallon Every Other Week - Sideyard	\$ 11.74
32 Gallon Cart Once a Month - Sideyard	\$ 6.30
32 Gallon Cart On Call Side Not Available Per City Ordinance	N/A
<u>90 Gallon Cart Service</u>	
90 Gallon Cart-Side	\$ 45.26
90 Gallon Every Other Week - Sideyard	\$ 29.46
90 Gallon Cart Once a Month - Sideyard	\$ 15.86
90 Gallon Cart On Call Side Not Available Per City Ordinance	N/A

SECTION 2. This Resolution shall become effective July 1, 2021.

PASSED by the City Council of the City of Seaside this ____ day of _____, 2021.

SUBMITTED to the Mayor and **APPROVED** by the Mayor on this ____ day of _____, 2021.

JAY BARBER, MAYOR

ATTEST:

Mark J. Winstanley, City Manager

RESOLUTION #3982

A RESOLUTION OF THE CITY OF SEASIDE, OREGON, INCREASING SEWER SERVICE USER RATES

THE SEASIDE CITY COUNCIL RESOLVES AS FOLLOWS:

That in accordance with Section 51.093 of the Seaside Code of Ordinances, the following fees for sewer service user rates are adopted:

SECTION 1. Rates. Just and equitable rates are hereby established, determined and declared to be as follows.

- (A) Access/Demand Charge shall be ~~\$36.50~~ **\$38.64** per sewer connection per month.
- (B) Tap Charges and Sewer Lateral Connection Charges shall be the actual cost of labor and materials plus 20% for billing, administration, and overhead.
- (C) Sewer System Development Charges shall be those established by the City Council in a separate ordinance.
- (D) Sewer Service Verification Charge shall be \$25 for the physical verification of sewer connection.
- (E) Cost of extending the sewer lines shall be paid by those property owners who use the new service.
- (F) Sewer Service User Fees. Single-family residential dwellings shall be charged only the access/demand charge of ~~\$36.50~~ **\$38.64** per month. All other users shall be charged ~~\$36.50~~ **\$38.64** for the first 700 cubic feet of water used and ~~\$5.24~~ **\$5.52** for each 100 cubic feet of water used over 700 cubic feet per month.
- (G) Special rates that may be needed for high-strength commercial users, industrial users, or heavy users will be set by negotiation and will be in conformance with federal guidelines, and must cover their operation and maintenance costs.

SECTION 2. Effective Date. The rate increases will become effective June 15, 2021, and will first be reflected in the August 2021 billing.

PASSED by the City Council of the City of Seaside on this ____ day of _____, 2021.

SUBMITTED to the Mayor and **APPROVED** by the Mayor on this ____ day of _____, 2021.

Recommendation to City Council

From: Dale McDowell – Public Works

To: The Honorable Mayor and City Council

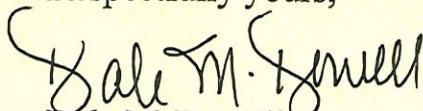

RE: Adoption of Oregon Department of Transportation 2021 Standard Specifications for Construction

Dear Honorable Mayor and City Council Members,

The City of Seaside is currently using the 2018 Oregon Department of Transportation Standard Specifications for Construction, and in keeping our city current with laws, methods, products and technology, I would like to adopt the most current standards.

At this time, it is my recommendation to adopt the 2021 Oregon Department of Transportation Standard Specifications for Construction.

Respectfully yours,

Dale McDowell
Public Works Director

Date: July 10, 2020
To: ODOT Project Delivery Staff
From: Steve Cooley, PE, PLS 
Engineering & Technical Services Manager/Chief Engineer
Subject: 2021 Oregon Standard Specifications for Construction

Updating the *2018 Oregon Standard Specifications for Construction* to the new *2021 Oregon Standard Specifications for Construction* is now nearly complete. A vendor has been selected to print and sell the new 2021 Standard Specifications book; it is now available for purchase. (2018/2021 Oregon Standard Specifications Books available for purchase at the [Lynx Group, Inc. book sales website](#))

The 2021 Standard Specifications are to be incorporated into all transportation construction contracts procured through the Project Controls Office that have a bid date of December 1, 2020 and later. On a case by case basis, the Chief Engineer may approve an exception when special circumstances exist, typically when a project has previously been prepared and advertised with the 2018 Standard Specifications. Requests for exceptions are to be submitted to the Project Controls Office.

ODOT has received approval from FHWA to use the 2021 Oregon Standard Specifications for Construction.

Please share this memo with anyone developing projects with the Oregon Standard Specification for Construction.

Salem, Oregon 97302-1142
Jaime.Viramontes@odot.state.or.us

Dear Mr. Viramontes:

We have reviewed the Oregon Department of Transportation's 2021 Specifications, which were submitted to the Oregon Division office of the Federal Highway Administration. These are approved for use on both State and local agency Federal-aid projects. However, there are a few caveats with the use of these on Federal-aid projects and approval is subject to the following conditions:

- Warranties: Only Subsection 00170.85(b)(1) should be used on Federal-aid projects. Subsection 00170.85(b)(2) shall not be used on Federal-aid projects. Warranties must be for specific products or features. Prior Federal Highway Administration approval is required for use of warranties on National Highway System (NHS) projects.
- Incidental Payment For Work Zone Traffic Control Devices: Subsection 00221.99, Method "C" - Incidental Basis, shall not be used on Federal-aid projects. In general, payment should be made under subsection 00221.90, Method "A" - Unit Basis. Use of subsection 00221.98, Method "B" - Lump Sum Basis should be rare and reserved for only those small projects where the traffic control requirements are not complex and the number, type, and location of the traffic control devices can be easily and readily identified from the project plans. The following Incidental Basis subsections related to subsection 00221.99 shall not be used on Federal-aid projects unless they meet the criteria above for Lump Sum Basis: 00222.91, 00223.91, 00224.91, 00225.91, 00226.91, 00227.91 and 00228.91.

- Erosion and Sediment Control: Under Subsection 00280.90, exclusive use of Pay Item (a) Erosion Control in the contract's Schedule of items does not include separate pay items for the erosion prevention, runoff control, and sediment control best management practices. In this instance, no separate or additional payment will be made for modifications or additions to best management practices that become necessary for permit compliance during construction. It is our expectation that Federal-aid contracts include pay items for all the erosion prevention, runoff control, and sediment control best management practices in the contract.
- Section 640 - Aggregate Base and Shoulders: Section 00640 allows for visual acceptance of aggregate materials by the Engineer. Use of this Section should be limited to small quantities consistent with Oregon Department of Transportation's *Manual of Field Test Procedures*. Otherwise Section 00641 should be used.
- Section 740 - Commercial Asphalt Concrete Pavement: Section 00740 allows for visual acceptance of asphalt concrete pavement by the Engineer. Use of this Section should be limited to small quantities consistent with Oregon Department of Transportation's *Manual of Field Test Procedures*. Otherwise Sections 00744 or 00745 should be used.

Recommendation to City Council

From: Dale McDowell – Public Works

To: The Honorable Mayor and City Council

RE: Parking Restriction on Ocean Vista Way

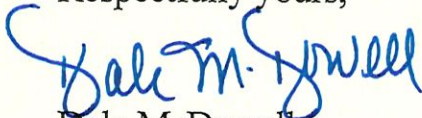

Dear Honorable Mayor and City Council Members,

The Transportation Advisory Commission has reviewed the parking issue at the intersection of Ocean Vista Way and Beach Drive and have come to the conclusion that parking on the west side of Ocean Vista Way should be eliminated. Vehicles are parking on the grassy shoulder next to the Tides Chain Link fence narrowing the traffic lanes to a mere 13 feet wide.

Photographs are attached to this recommendation showing the parking issue.

Based on the information and photographs we reviewed, the Transportation Advisory Commission recommends signing this area as “No Parking this side of Street” from the existing asphalt ADA ramp to the end of the Chain link fence.

Respectfully yours,

Dale McDowell
Public Works Director

WATER CONSERVATION

The City of Seaside in response to state officials warning of drought conditions this summer would like to help by giving you some tips to help save water and a little money.

Tips for outdoor conservation:

1. Adjust your sprinklers to water just your lawn and garden, not the street or sidewalk.
2. Water early in the morning (before 10am) or later in the evening (6pm) when temperatures are cooler and evaporation is minimal.
3. Add a shut off valve to your garden hose. Automatically shuts off when washing your car.
4. Turn your sprinkler system off when it rains.
5. Adjust your mower to a higher setting. A taller lawn provides shade to the roots and helps retain moisture.

How to find indoor plumbing leaks:

Toilets- your toilet may have a silent leak, or your toilet may sporadically run without flushing. Drop a little food coloring in the tank. Wait 20 minutes without flushing. If the color appears in the bowl, you have a leak. The flapper may need replaced. This type of leak also helps your Wastewater Treatment by not having to process that unused water.

Sinks- check for slower leaks by noting wetness in your sink. A slow leak at just $\frac{1}{4}$ of a gallon per hour can leak 12 gallons in a day or 4,380 gallons in a year.

Review your water bill. It should be consistent month to month unless you are watering your lawn. If it seems high look at your water meter. If no one is using water in the home and it is still indicating water being used, you have a leak. The city of Seaside Water Department would be happy to assist you in finding your meter and showing you how to read the leak detection dial.
