

Expected Hiring Timeline

The City of Seaside does everything it can to create a smooth and efficient process when hiring new employees. While some positions have more steps than others (e.g., pre-employment background checks, medical examinations, drug and alcohol screening, hiring tests, etc.) our goal is to keep candidates informed and up-to-date until a hiring decision is finalized.

At times, the process can be disrupted for a variety of reasons, however your patience is appreciated and we'll do our best to inform you regarding next steps as soon as possible.
